

Towards a Sport and Active Recreation Policy Information Sheet

Key Focus Area: Events

Events refer to the sporting events secured and managed by the Northern Territory Government.

Critical Issue One

How to attract and retain major events?

Challenges

To identify possible new events for staging in the Territory.

To develop a model to respond to proposals for a sporting event; which will provide a consistent approach to new proposals.

Critical Issue Two

How to increase access to national and international competition?

Challenges

To forge relationships with national and international sporting organisations to promote the Territory as a sports destination.

To continue the important research work of the Northern Territory Institute of Sport such as heat acclimatisation and to use this expertise to encourage sporting teams to use Darwin as a training base for national and international competitions.
